A member of Sage FAS fixed asset management solutions.

FAS Asset Accounting provides advanced fixed asset accounting and reporting features for businesses needing effective decision-making tools in integrated accounting environments. Chosen 3-to-1 over all competing solutions combined, FAS Asset Accounting is the right choice for your company.

The comprehensive solution for managing fixed assets.

- Most comprehensive depreciation calculation engine in the industry, containing over 300,000 IRS tax rules and GAAP supported depreciation methods
- SupportPlus Members benefit from software updates which keep them up-to-date with the most recent tax changes
- Seven books, all visible on one screen— Internal, Tax, ACE, AMT, State, and two user-defined custom books
- Manage entire fixed asset lifecycle including transfers and disposals
- Password security on user-defined menu levels
- Custom Report Writer option provides graphics, drilldown, and batch reporting capabilities
- Online help and electronic documentation

(over, please...)

FAS Asset Accounting

Automatically calculates AMT and ACE schedules using more than 50 standard depreciation methods—including methods which can be customized by your company.

- Includes the FAS Depreciation Guide—an electronic version of the definitive resource on fixed asset management
- Automatic calculation of AMT and ACE schedules and over 50 methods of depreciation—including MACRS 150% and 200% (formulas and tables), ACRS, Straight Line, Modified Straight Line (formulas and tables), Declining Balance, Sum-of-the-Years-Digits, and customized depreciation methods

Customizable features help increase productivity.

- Easy-to-use graphical interface
- Fully customizable data entry screen including field names, field lengths, field pictures, and field prompts—fields can even be turned off completely
- Customizable “SmartLists” for fast, accurate asset entry
- Powerful “Group Manager” for instant queries and reusable group definitions
- “Group View” for working with and viewing multiple assets simultaneously
- “Tab Design” lets you instantly switch between “Main,” “Transfer,” and “Disposal” functions
- Also available for Microsoft SQL Server

The Sage FAS family includes:

- FAS FirstStep
- Sage FAS Solutions
 - FAS Asset Accounting
 - FAS Asset Inventory
 - FAS Report Writer
 - FAS Construction in Progress Accounting
- Sage FAS Solutions *for SQL Server*
